Teamfight Tactics: Development By Riot Cactopus and Riot Beernana (June 10, 2019)[3] Teamfight Tactics is a totally new game mode in League that'll hit PBE later this month. Throughout the game, your team will become more powerful as you draft champions that share origins and classes to unlock trait bonuses. PICK UP AND GO Cross-platform support means you can play with your friends (and crush your enemies) across PC, Mac, and mobile. How It Works You'll spend gold in the store before each round to recruit League champions to your team. × 3 attack speed. On 27 August 2019 Teamfight Tactics was having 20-40% of hours depending on the region, while holding steady. Champions are units in the Teamfight Tactics game mode that fight in arenas to protect the Little Legend. Players gain more LP per game when things go really well, and lose more LP per game when things go really poorly. Devastate with demons, bruise with brawlers, or transform the battle with shapeshifters—the strategy is all up to you. If it wins the round, it deals damage to its opponent as if it were a real team. As soon as a player reaches 100 LP, they will promote and carry over any extra LP with them. Gameplay Little Legend The Little Legend is the player character for games of Teamfight Tactics. Normal Games Ranked Games Ra Stoneplate, Eternal Whisper, Fist of Fairness, Frozen Heart of Gold, Glamorous Gauntlet, Guinsoo's Reckoning, Hextech Lifeblade, Locket of Targon Prime, Luminous Deathblade, Mistral, More More-ellonomicon, Quickestsilver, Rabadon's Ascended Deathcap, Radiant Redemption, Rapid Lightcannon, Rascal's Gloves, Rosethorn Vest, Runaan's Tempest, Shroud of Reverence, Spear of Hirana, Statikk Favor, Sunlight Cape, Titan's Vow, Urf-Angel's Staff, Warmog's Pride, Zeke's Harmony, Zenith Edge, Zz'Rot's Invitation. Players are ranked based on their current life points and the order they are defeated, and the last player standing is declared the winner. Players typically gain LP if they finish 4th or higher, and lose LP if they finish 5th or lower, but spots in the middle only cause fairly small changes in LP most games. A player is counted as defeated when there are no surviving champions or summoned units, including untargetable units. However, he was absent during Set 1. Choosing when to spend your gold is one of the pillars of mastery for Teamfight Tactics. Random drafts and in-game events ensure no two matches ever play out exactly the same. If it loses, nothing happens because it vanishes at the end of the kinks out. Most health in the round prior to elimination. For our part, we'll be in frequent contact via dev articles, updates and patch notes. Gold can also drop like items, requiring the Little Legend to retrieve them. We've gotten into the new auto-battler genre—folks around the office have been playing an insane amount of Dota Auto Chess in particular. If a player is brought to 0 Life Points, they are defeated. You can still buy champions but they won't affect the ongoing battle. How and Why We're Making Teamfight Tactics Recently, we've been trying different kinds of modes that are deep and unique additions to the League experience. Players can control their Little Legend using, although this has little gameplay function other than moving to collect item orb and pick a champion from the Carousel. Players eliminated in the same round finish in order of: Least negative health total. We're launching with six species: If you're not yet smitten with these Little Legends, expect more varieties with each patch, just like skins. Additionally, for those of you who want to really pop we'll feature Rare LL Eggs, purchasable for 490 RP. Terminology Teamfight Tactics has its own share of keywords and terminologies used in and outside of the game, with some terms being used to simplify and facilitate rapid communication. After picking up your one-time-only free Legend, you can purchase additional species in the store for 750 RP. It does not have summoner profile settings or in-game chat, but it has a unique Team Planner feature that allows the players of rounds in the game: Carousel, PvE battles against monsters, and PvP rounds against teams fielded by other players. PvE Monsters during planing phase. Rare Eggs contain special variants of those same species, with an added twist: hatching a variant you've already found will make them star up just like the champions in TFT, powering up their models and effects. Media Related Music TFT (Feat. BATTLE IT OUT Outplay and outlast your opponents by building an elite squad of League of Legends champions ready to fight on your behalf. On PC, it is currently only playable through the League of Legends client as a game mode, with a standalone application available for mobile. The teams will then fight until either one team is defeated or 40 seconds have passed. That includes ranked. After your first few games, you'll unlock your first LL just by playing.
